Odor Patrol Stops / Stop #6: Intersection of Chiquito Canyon Road and San Martinez Road

**Intensity of Odor**

3 - Moderate Odor

At this stop, a resident asked who to contact about the odor because it is bothering him today. I shared a contact sheet (attached) with him earlier this month and confirmed today that he still has the sheet and encouraged him to reach those representatives. He said he called SCAQMD recently, but did not confirm whether he contacted Chiquita Canyon Landfill. He asked whether CTEH was hired by CCL, and I confirmed CCL contracted CTEH to capture data.

He also said he usually begins to smell an odor around 08:30 or 09:00. Further, he said he wonders whether the landfill begins to release gases around this time of day.
