Subject: Approval of Rule 1402 Amended Early Action Reduction Plan for Sterigenics US, LLC. – (Facility ID 126060)

Dear Mr. Wagner:

This letter provides approval of the Amended Early Action Reduction Plan (EARP) submitted by Sterigenics US, LLC. (Sterigenics Ontario) pursuant to South Coast Air Quality Management District (South Coast AQMD) Rule 1402.

South Coast AQMD staff sent you a letter on September 29, 2022, designating Sterigenics Ontario as a Potentially High Risk Facility under Rule 1402. As detailed within the letter, the submittal of an EARP within 90 days of the date of designation is required under Rule 1402 (g)(2). The EARP was originally submitted on December 15, 2022, and subsequent revisions were submitted. The final revision was submitted on April 7, 2023, and was approved by South Coast AQMD staff on April 7, 2023.

Following several weeks of discussions between Sterigenics and South Coast AQMD, a written request to amend the EARP was submitted by Sterigenics on December 29, 2023. The amendment includes revisions such as extended timelines, updated fence line monitoring requirements, updated curtailment provisions, and the inclusion of completion dates for any measures that had already been implemented. South Coast AQMD staff has reviewed the amended EARP and the plan has been found to meet the requirements outlined in Rule 1402. Compliance with the terms of this approved amended EARP is now required by South Coast AQMD Rule 221 and Rule 1402(g)(2)(C). Please note that Rule 1405 requirements apply in addition to the requirements of the approved amended EARP.

If you have any questions, please contact me at (909) 396-3244 or Victoria Moaveni, AB 2588 Program Supervisor at (909) 396-2455.

Sincerely,

Ian MacMillan
Assistant Deputy Executive Officer
Planning, Rule Development & Implementation
