Mr. Lorezno Zanetti
CEO
Walcom USA LLC
60 Hammarlund Way
Middletown, RI 02842

Dear Mr. Zanetti:

Subject: Rule 1151 Transfer Efficiency Approval of the Genesi Carbonio 360 Non-HVLP Spray Gun with Air Caps HTE-B 1.3 (Primer/Basecoat) and HTE-C 1.3 (Clearcoat), Application No. 593083

The South Coast Air Quality Management District has completed our review of your report entitled "Walcom Spray Gun Genesi Carbonio HTE Transfer Efficiency" released on October 2, 2018. The results of the transfer efficiency testing performed indicate that the Genesi Carbonio 360 Non-HVLP Spray Gun with Air Caps HTE-B 1.3 (Primer/Basecoat) and HTE-C 1.3 (Clearcoat) is capable of achieving equivalent or better transfer efficiency than high-volume, low-pressure spray equipment. As a result, the Genesi Carbonio 360 Non-HVLP Spray Gun with Air Caps HTE-B 1.3 (Primer/Basecoat) and HTE-C 1.3 (Clearcoat) is approved for operations subject to Rule 1151, Motor Vehicle and Mobile Equipment Non-Assembly Line Coating Operations, under Rule 1151(d)(6)(A)(v). This approval is subject to the following conditions.

1. Walcom USA LLC shall supply written notification with each Genesi Carbonio 360 spray gun sold or distributed for use within the jurisdiction of the South Coast Air Quality Management District that the spray gun with air cap HTE-B 1.3 is only approved for the application of primers and color coats (also known as base coats), and the spray gun with air cap HTE-C 1.3 is only approved for the application of clearcoats; all coatings are subject to Rule 1151.
2. This approval is only valid if the air pressure supplied to the Genesi Carbonio 360 spray gun is equal to or less than 30 psig. Walcom USA LLC shall supply written notification with each Genesi Carbonio 360 spray gun sold or distributed for use within the jurisdiction of the South Coast Air Quality Management District that the maximum air pressure supplied to the spray gun shall not exceed 30 psig.
3. Walcom USA LLC shall supply a digital Carbon Fiber Air Regulator DGT (reference numbers 90183/W or 90180/W) with each Genesi Carbonio 360 spray

gun sold or distributed for use within the jurisdiction of the South Coast Air Quality Management District. Walcom USA LLC shall supply written notification with each Genesi Carbonio 360 spray gun sold or distributed for use within the jurisdiction of the South Coast Air Quality Management District specifying that a Carbon Fiber Air Regulator DGT (reference numbers 90183/W or 90180/W) shall be attached to the spray gun and be in good working condition and reading no greater than 30 psig whenever the spray gun is in operation.

4. This approval is only valid if during actual operation, the Genesi Carbonio 360 spray gun is equipped with a properly operating digital Carbon Fiber Air Regulator DGT (reference numbers 90183/W or 90180/W).
5. Walcom USA LLC shall add a clearly visible permanent label specifying that the inlet air pressure shall not exceed 30 psig to all Genesi Carbonio 360 spray guns sold or distributed for use within the South Coast Air Quality Management District.
6. This approval is only valid if during actual operation, the Genesi Carbonio 360 spray gun with air caps HTE-B 1.3 (Primer/Basecoat) and HTE-C 1.3 (Clearcoat) is labeled as described in condition number 5.
7. This approval is only valid for the Genesi Carbonio 360 spray gun model with air caps HTE-B 1.3 (Primer/Basecoat) and HTE-C 1.3 (Clearcoat) tested. Any modification of the spray gun, air caps, or pressure gauge design shall invalidate this approval letter unless the modification is approved by the SCAQMD in writing prior to the modification.

If you have any questions regarding this approval, please call me at (909) 396-3129 or send me an email at mhaimov@aqmd.gov.

Sincerely,

Mitch Haimov, M. S.
