\* Super-compliant coatings are defined as those coatings that have a VOC content less than the VOC content limits set forth for the current and/or future limits in the Table of Standards found in paragraph (c)(2) of Rule 1113 and specify a VOC content less than 10 g/l VOC.

This is not an all-inclusive list of super-compliant coatings available. This list is generated from manufacturers/suppliers who have informed South Coast AQMD that they can provide the super-compliant products listed.

Note: No person shall apply or solicit the application within the District of any industrial maintenance coatings, except non-sacrificial anti-graffiti coatings, for residential use or for use in an areas such as office space and meeting rooms of industrial, commercial, or institutional facilities not exposed to such extreme environmental conditions described in the definition of industrial maintenance coatings.

- ❖ The South Coast AQMD in no way endorses any of these companies nor does it certify their ability to meet the requirements of Rule 1113 Architectural Coatings. If you want your company included in this page, please send your request to Area Sources at [areasources@aqmd.gov](mailto:areasources@aqmd.gov) or call (909) 396-2390.
