

NOTICE OF PUBLIC HEARING

COACHELLA VALLEY CONTINGENCY MEASURE SIP REVISION FOR THE 2008 8-HOUR OZONE STANDARD

NOTICE IS HEREBY GIVEN that a public hearing on the matter of the Coachella Valley Contingency Measure State Implementation Plan (SIP) Revision for the 2008 8-Hour Ozone Standard (Coachella Valley Contingency Measure SIP Revision) will be held on **Friday, March 1, 2024 in the Dr. William A. Burke Auditorium at South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, CA 91765, at 9:00 a.m.** at which time evidence will be taken and all interested persons will be heard by the South Coast AQMD Board. The meeting will be conducted through a hybrid format of in-person and/or virtual attendance via videoconferencing and by telephone with opportunities for public comment. Please refer to South Coast AQMD's website for information regarding the format of the Public Hearing, updates if the meeting is changed to a full remote via webcast format, and details on how to participate: <http://www.aqmd.gov/home/news-events/meeting-agendas-minutes>.

NOTICE IS FURTHER GIVEN that the South Coast AQMD will consider approval of the Coachella Valley Contingency Measure SIP Revision and subsequent submission to the United States Environmental Protection Agency (U.S. EPA) via the California Air Resources Board (CARB) for approval and inclusion in the SIP.

NOTICE IS FURTHER GIVEN that the Coachella Valley, defined as the desert portion of the Riverside County in the Salton Sea Air Basin and under the jurisdiction of the South Coast AQMD, is currently classified as an "extreme" nonattainment area for the 2008 ozone National Ambient Air Quality Standard (NAAQS) with an attainment date of July 20, 2032.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision was developed to meet federal Clean Air Act (CAA) requirements that SIPs must provide for contingency measures, defined in Section 172(c)(9) as "specific measures to be undertaken if the area fails to make reasonable further progress (RFP), or to attain the national primary ambient air quality standard by the attainment date."

NOTICE IS FURTHER GIVEN that a comprehensive SIP addressing the 2008 ozone NAAQS in the Coachella Valley was submitted as part of the 2016 Air Quality Management Plan (AQMP) to U.S. EPA via CARB on April 27, 2017. As was allowed by preceding examples of approved SIPs at the time, the 2016 AQMP contingency measure elements for RFP and attainment in the Coachella Valley relied on surplus emission reductions from already implemented control measures in the milestone and attainment years.

NOTICE IS FURTHER GIVEN that in 2016, in *Bahr v. U.S. EPA*, the Ninth Circuit Court of Appeals rejected the U.S. EPA's longstanding interpretation of Section 172(c)(9). Due to the *Bahr* decision, the contingency measure elements as submitted could no longer be approved by U.S. EPA.

NOTICE IS FURTHER GIVEN that in 2020, U.S. EPA approved the Coachella Valley portion of the 2016 AQMP as meeting all applicable statutory and regulatory requirements for the 2008 8-hour ozone NAAQS except for the attainment contingency measure element, and conditionally approved the RFP contingency measure element based on commitments by CARB and the South Coast AQMD to supplement the element within one year of conditional approval, by October 16, 2021. The due date was later revised to September 30, 2022 based on consent decree.

NOTICE IS FURTHER GIVEN that on August 8, 2022, South Coast AQMD submitted a request to U.S. EPA via CARB to withdraw the contingency measure elements for the 2008 ozone NAAQS in Coachella Valley to avoid potential disapproval of the submitted contingency measure.

NOTICE IS FURTHER GIVEN that effective October 31, 2022, U.S. EPA finalized a finding of failure to submit contingency measure elements for the 2008 ozone NAAQS in Coachella Valley. The finding established an 18-month deadline for the South Coast AQMD to submit contingency measures or face stationary source permitting sanctions as defined in CAA Section 179(b)(2). In addition, if within 24-months U.S. EPA has not approved a contingency measure SIP revision, U.S. EPA must promulgate a federal contingency measure plan in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision contains a commitment to amend Rule 463 to include contingency measure elements, which, if triggered, will increase the frequency of Optical Gas Imaging (OGI) inspections for organic liquid storage tanks. The Coachella Valley Contingency Measure SIP Revision also includes the California Smog Check Contingency Measure SIP Revision adopted by CARB in October 26, 2023.

NOTICE IS FURTHER GIVEN that South Coast AQMD has determined there are no other feasible contingency measures and, in accordance with U.S. EPA's draft guidance, the Coachella Valley Contingency Measure SIP Revision includes a robust evaluation demonstrating the stringency of existing South Coast AQMD rules as they pertain to emission sources in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision includes new information on key elements such as:

- Emission inventories (*summer planning emissions for the 2031 attainment year*);
- A calculation of one year's worth of emission reductions for NO_x and VOC;
- South Coast AQMD's commitment to amend Rule 463 to include a stationary source contingency measure;
- South Coast AQMD's stationary source contingency measure infeasibility justification for achieving less than one year's worth of reductions;
- CARB's mobile source contingency measure; and
- CARB's mobile and area source contingency measure infeasibility justifications for achieving less than one year's worth of reductions.

NOTICE IS FURTHER GIVEN that the Draft Coachella Valley Contingency Measure SIP Revision will be released for public comment and review on January 17, 2024. The public comment period will close on February 16, 2024.

NOTICE IS FURTHER GIVEN that two public consultation meetings will be held on January 31, 2024 and February 1, 2024 to discuss the Coachella Valley Contingency Measure SIP Revision and solicit public input.

NOTICE IS FURTHER GIVEN that, pursuant to the California Environmental Quality Act (CEQA) Guidelines Sections 15002(k) and 15061, the Coachella Valley Contingency Measure SIP Revision is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3). A Notice of Exemption will be prepared pursuant to CEQA Guidelines Section 15062, and if the proposed project is approved, the Notice of Exemption will be filed with State Clearinghouse of the Governor's Office of Planning and Research, and with the county clerks of Los Angeles, Orange, Riverside, and San Bernardino counties.

NOTICE IS FURTHER GIVEN that at the conclusion of the public hearing, the South Coast AQMD Board may make other modifications to the Coachella Valley Contingency Measure SIP Revision, which are justified by the evidence presented, or may decline to adopt some or all of the proposed items.

NOTICE IS FURTHER GIVEN that the South Coast AQMD has prepared the Draft Coachella Valley Contingency Measure SIP Revision for consideration by the South Coast AQMD Board. The document, when available, may be obtained from South Coast AQMD's website at: [https://www.aqmd.gov/home/air-quality/clean-air-plans/other-state-implementation-plan-\(sip\)-revisions](https://www.aqmd.gov/home/air-quality/clean-air-plans/other-state-implementation-plan-(sip)-revisions), by calling the Public Information Center at (909) 396-2001, or from Derrick Alatorre - Deputy Executive Officer / Public Advisor, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA 91765, (909) 396-2432, PublicAdvisor@aqmd.gov.

Questions, comments, or requests for the Coachella Valley Contingency Measure SIP Revision can be directed to: Sang-Mi Lee, Ph.D., Planning and Rules Manager, via email AQMPteam@aqmd.gov, (909) 396-3169. CEQA inquiries can be directed to: Jivar Afshar, jafshar@aqmd.gov, (909) 396-2040. Comments and inquiries can also be submitted to the attention of the above person(s) to Planning, Rule Development, and Implementation, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA 91765.

Interested persons may attend and submit oral or written statements at the Public Hearing. Ten (10) copies of all hard copy written materials must be submitted to the Clerk of the Boards. Individuals who wish to submit written or electronic comments for review prior to the public hearing must submit such comments to the Clerk of the Boards, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA, 91765, (909) 396-2500, or to cob@aqmd.gov on or before 5:00 p.m. on Tuesday, February 27, 2024.

Americans with Disabilities Act and Language Accessibility

Disability and language-related accommodations can be requested to allow participation in the Governing Board meeting. The meeting materials will be made available, upon request, in appropriate alternative formats to assist persons with a disability (Gov. Code Section 54954.2(a)). In addition, other documents may be requested in alternative formats and languages. Any disability or language-related accommodation must be requested as soon as practicable. Requests will be accommodated unless providing the accommodation would result in a fundamental alteration or undue burden to the South Coast AQMD. Requests can be sent to the Clerk of the Boards, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA, 91765-4178, at (909) 396-2500 (for TTY, 909-396-3560) or send the request to cob@aqmd.gov.

NOTICE OF PUBLIC HEARING
COACHELLA VALLEY CONTINGENCY
MEASURE SIP REVISION
FOR THE 2008 8-HOUR OZONE
STANDARD

NOTICE IS HEREBY GIVEN that a public hearing on the matter of the Coachella Valley Contingency Measure State Implementation Plan (SIP) Revision for the 2008 8-Hour Ozone Standard (Coachella Valley Contingency Measure SIP Revision) will be held on Friday, March 1, 2024 in the Dr. William A. Burke Auditorium at South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, CA 91765, at 9:00 a.m. at which time evidence will be taken and all interested persons will be heard by the South Coast AQMD Board. The meeting will be conducted through a hybrid format of in-person and/or virtual attendance via videoconferencing and by telephone with opportunities for public comment. Please refer to South Coast AQMD's website for information regarding the format of the Public Hearing, updates if the meeting is changed to a full remote via webcast format, and details on how to participate:
<http://www.aqmd.gov/home/news-events/meeting-agendas-minutes>.

NOTICE IS FURTHER GIVEN that in 2020, U.S. EPA approved the Coachella Valley portion of the 2016 AQMP as meeting all applicable statutory and regulatory requirements for the 2008 8-hour ozone NAAQS except for the attainment contingency measure element, and conditionally approved the RFP contingency measure element based on commitments by CARB and the South Coast AQMD to supplement the element within one year of conditional approval, by October 16, 2021. The due date was later revised to September 30, 2022 based on consent decree.

NOTICE IS FURTHER GIVEN that on August 8, 2022, South Coast AQMD submitted a request to U.S. EPA via CARB to withdraw the contingency measure elements for the 2008 ozone NAAQS in Coachella Valley to avoid potential disapproval of the submitted contingency measure.

NOTICE IS FURTHER GIVEN that effective October 31, 2022, U.S. EPA finalized a finding of failure to submit contingency measure elements for the 2008 ozone NAAQS in Coachella Valley. The finding established an 18-month deadline for the South Coast AQMD to submit contingency measures or face stationary source permitting sanctions as defined in CAA Section 179(b)(2). In addition, if within 24-months U.S. EPA has not approved a contingency measure SIP revision, U.S. EPA must promulgate a federal contingency measure plan in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision contains a commitment to amend Rule 463 to include contingency measure elements, which, if triggered, will increase the frequency of Optical Gas Imaging (OGI) inspections for organic liquid storage tanks. The Coachella Valley Contingency Measure SIP Revision also includes the California Smog Check Contingency Measure SIP Revision adopted by CARB in October 26, 2023.

NOTICE IS FURTHER GIVEN that South Coast AQMD has determined there are no other feasible contingency measures and, in accordance with U.S. EPA's draft guidance, the Coachella Valley Contingency Measure SIP Revision includes a robust evaluation demonstrating the stringency of existing South Coast AQMD rules as they pertain to emission sources in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision includes new information on key elements such as:

- Emission inventories (summer planning emissions for the 2031 attainment year);
- A calculation of one year's worth of emission reductions for NOx and VOC;
- South Coast AQMD's commitment to amend Rule 463 to include a stationary source contingency measure;
- South Coast AQMD's stationary source contingency measure infeasibility justification for achieving less than one year's worth of reductions;
- CARB's mobile source contingency measure; and
- CARB's mobile and area source contingency measure infeasibility justifications for achieving less than one year's worth of reductions.

NOTICE IS FURTHER GIVEN that the Draft Coachella Valley Contingency

Measure SIP Revision will be released for public comment and review on January 17, 2024. The public comment period will close on February 16, 2024.

NOTICE IS FURTHER GIVEN that two public consultation meetings will be held on January 31, 2024 and February 1, 2024 to discuss the Coachella Valley Contingency Measure SIP Revision and solicit public input.

NOTICE IS FURTHER GIVEN that, pursuant to the California Environmental Quality Act (CEQA) Guidelines Sections 15002(k) and 15061, the Coachella Valley Contingency Measure SIP Revision is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3). A Notice of Exemption will be prepared pursuant to CEQA Guidelines Section 15062, and if the proposed project is approved, the Notice of Exemption will be filed with State Clearinghouse of the Governor's Office of Planning and Research, and with the county clerks of Los Angeles, Orange, Riverside, and San Bernardino counties.

NOTICE IS FURTHER GIVEN that at the conclusion of the public hearing, the South Coast AQMD Board may make other modifications to the Coachella Valley Contingency Measure SIP Revision, which are justified by the evidence presented, or may decline to adopt some or all of the proposed items.

NOTICE IS FURTHER GIVEN that the South Coast AQMD has prepared the Draft Coachella Valley Contingency Measure SIP Revision for consideration by the South Coast AQMD Board. The document, when available, may be obtained from South Coast AQMD's website at:

[https://www.aqmd.gov/home/air-quality/clean-air-plans/other-state-implementation-plan-\(sip\)-revisions](https://www.aqmd.gov/home/air-quality/clean-air-plans/other-state-implementation-plan-(sip)-revisions), by calling the Public Information Center at (909) 396-2001, or from Derrick Alatorre - Deputy Executive Officer / Public Advisor, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA 91765, (909) 396-2432, PublicAdvisor@aqmd.gov.

Questions, comments, or requests for the Coachella Valley Contingency Measure SIP Revision can be directed to: Sang-Mi Lee, Ph.D., Planning and Rules Manager, via email AQMPteam@aqmd.gov, (909) 396-3169. CEQA inquiries can be directed to: Jivar Afshar, jafshar@aqmd.gov, (909) 396-2040. Comments and inquiries can also be submitted to the attention of the above person(s) to Planning, Rule Development, and Implementation, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA 91765.

Interested persons may attend and submit oral or written statements at the Public Hearing. Ten (10) copies of all hard copy written materials must be submitted to the Clerk of the Boards. Individuals who wish to submit written or electronic comments for review prior to the public hearing must submit such comments to the Clerk of the Boards, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA, 91765, (909) 396-2500, or to cob@aqmd.gov on or before 5:00 p.m. on Tuesday, February 27, 2024.

Americans with Disabilities Act and Language Accessibility

Disability and language-related accommodations can be requested to allow participation in the Governing Board meeting. The meeting materials will be made available, upon request, in

appropriate alternative formats to assist persons with a disability (Gov. Code Section 54954.2(a)). In addition, other documents may be requested in alternative formats and languages. Any disability or language-related accommodation must be requested as soon as practicable. Requests will be accommodated unless providing the accommodation would result in a fundamental alteration or undue burden to the South Coast AQMD. Requests can be sent to the Clerk of the Boards, South Coast AQMD, 21865 Copley Drive, Diamond Bar, CA, 91765-4178, at (909) 396-2500 (for TTY, 909-396-3560) or send the request to cob@aqmd.gov.

Notice Type: HRG - NOTICE OF HEARING

Ad Description:

CV Contingency NOPH

NOTICE IS FURTHER GIVEN that the South Coast AQMD will consider approval of the Coachella Valley Contingency Measure SIP Revision and subsequent submission to the United States Environmental Protection Agency (U.S. EPA) via the California Air Resources Board (CARB) for approval and inclusion in the SIP.

I am a citizen of the United States and a resident of the State of California; I am over the age of eighteen years, and not a party to or interested in the above entitled matter. I am the principal clerk of the printer and publisher of the SAN BERNARDINO COUNTY SUN, a newspaper published in the English language in the city of SAN BERNARDINO, county of SAN BERNARDINO, and adjudged a newspaper of general circulation as defined by the laws of the State of California by the Superior Court of the County of SAN BERNARDINO, State of California, under date 06/27/1952, Case No. 73081. That the notice, of which the annexed is a printed copy, has been published in each regular and entire issue of said newspaper and not in any supplement thereof on the following dates, to-wit:

01/16/2024

Executed on: 01/16/2024
At Riverside, California

NOTICE IS FURTHER GIVEN that the Coachella Valley, defined as the desert portion of the Riverside County in the Salton Sea Air Basin and under the jurisdiction of the South Coast AQMD, is currently classified as an "extreme" nonattainment area for the 2008 ozone National Ambient Air Quality Standard (NAAQS) with an attainment date of July 20, 2032.

I certify (or declare) under penalty of perjury that the foregoing is true and correct.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision was developed to meet federal Clean Air Act (CAA) requirements that SIPs must provide for contingency measures, defined in Section 172(c)(9) as "specific measures to be undertaken if the area fails to make reasonable further progress (RFP), or to attain the national primary ambient air quality standard by the attainment date."

the Coachella Valley was submitted as part of the 2016 Air Quality Management Plan (AQMP) to U.S. EPA via CARB on April 27, 2017. As was allowed by preceding examples of approved SIPs at the time, the 2016 AQMP contingency measure elements for RFP and attainment in the Coachella Valley relied on surplus emission reductions from already implemented control measures in the milestone and attainment years.

NOTICE IS FURTHER GIVEN that in 2016, in *Bahr v. U.S. EPA*, the Ninth Circuit Court of Appeals rejected the U.S. EPA's longstanding interpretation of Section 172(c)(9). Due to the *Bahr* decision, the contingency measure elements as submitted could no longer be approved by U.S. EPA.

NOTICE IS FURTHER GIVEN that in 2020, U.S. EPA approved the Coachella Valley portion of the 2016 AQMP as meeting all applicable statutory and regulatory requirements for the 2008 8-hour ozone NAAQS except for the attainment contingency measure element, and conditionally approved the RFP contingency measure element based on commitments by CARB and the South Coast AQMD to supplement the element within one year of conditional approval, by October 16, 2021. The due date was later revised to September 30, 2022 based on consent decree.

NOTICE IS FURTHER GIVEN that on August 8, 2022, South Coast AQMD submitted a request to U.S. EPA via CARB to withdraw the contingency measure elements for the 2008 ozone NAAQS in Coachella Valley to avoid potential disapproval of the submitted contingency measure.

NOTICE IS FURTHER GIVEN that effective October 31, 2022, U.S. EPA finalized a finding of failure to submit contingency measure elements for the 2008 ozone NAAQS in Coachella Valley. The finding established an 18-month deadline for the South Coast AQMD to submit contingency measures or face stationary source permitting sanctions as defined in CAA Section 179(b)(2). In addition, if within 24-months U.S. EPA has not approved a contingency measure SIP revision, U.S. EPA must promulgate a federal contingency measure plan in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision contains a commitment to amend Rule 463 to include contingency measure elements, which, if triggered, will increase the

frequency of Optical Gas Imaging (OGI) inspections for organic liquid storage tanks. The Coachella Valley Contingency Measure SIP Revision also includes the California Smog Check Contingency Measure SIP Revision adopted by CARB in October 26, 2023.

NOTICE IS FURTHER GIVEN that South Coast AQMD has determined there are no other feasible contingency measures and, in accordance with U.S. EPA's draft guidance, the Coachella Valley Contingency Measure SIP Revision includes a robust evaluation demonstrating the stringency of existing South Coast AQMD rules as they pertain to emission sources in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision includes new information on key elements such as:

- Emission inventories (*summer planning emissions for the 2031 attainment year*);
- A calculation of one year's worth of emission reductions for NOx and VOC;
- South Coast AQMD's commitment to amend Rule 463 to include a stationary source contingency measure;
- South Coast AQMD's stationary source contingency measure infeasibility justification for achieving less than one year's worth of reductions;
- CARB's mobile source contingency measure; and
- CARB's mobile and area source contingency measure infeasibility justifications for achieving less than one year's worth of reductions.

NOTICE IS FURTHER GIVEN that the Draft Coachella Valley Contingency Measure SIP Revision will be released for public comment and review on January 17, 2024. The public comment period will close on February 16, 2024.

NOTICE IS FURTHER GIVEN that two public consultation meetings will be held on January 31, 2024 and February 1, 2024 to discuss the Coachella Valley Contingency Measure SIP Revision and solicit public input.

NOTICE IS FURTHER GIVEN that, pursuant to the California Environmental Quality Act (CEQA) Guidelines Sections 15002(k) and 15061, the Coachella Valley Contingency Measure SIP Revision is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3). A Notice of Exemption will be prepared pursuant to CEQA Guidelines Section 15062, and if the proposed project is approved, the

Notice of Exemption will be filed with State Clearinghouse of the Governor's Office of Planning and Research, and with the county clerks of Los Angeles, Orange, Riverside, and San Bernardino counties.

NOTICE IS FURTHER GIVEN that at the conclusion of the public hearing, the South Coast AQMD Board may make other modifications to the Coachella Valley Contingency Measure SIP Revision, which are justified by the evidence presented, or may decline to adopt some or all of the proposed items.

NOTICE OF PUBLIC HEARING COACHELLA VALLEY CONTINGENCY MEASURE SIP REVISION FOR THE 2008 8-HOUR OZONE STANDARD

NOTICE IS HEREBY GIVEN that a public hearing on the matter of the Coachella Valley Contingency Measure State Implementation Plan (SIP) Revision for the 2008 8-Hour Ozone Standard (Coachella Valley Contingency Measure SIP Revision) will be held on Friday, March 1, 2024 in the Dr. William A. Burke Auditorium at South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, CA 91765, at 9:00 a.m. at which time evidence will be taken and all interested persons will be heard by the South Coast AQMD Board. The meeting will be conducted through a hybrid format of in-person and/or virtual attendance via videoconferencing and by telephone with opportunities for public comment. Please refer to South Coast AQMD's website for information regarding the format of the Public Hearing, updates if the meeting is changed to a full remote via webcast format, and details on how to participate: <http://www.aqmd.gov/home/news-events/meeting-agendas-minutes>.

NOTICE IS FURTHER GIVEN that the South Coast AQMD will consider approval of the Coachella Valley Contingency Measure SIP Revision and subsequent submission to the United States Environmental Protection Agency (U.S. EPA) via the California Air Resources Board (CARB) for approval and inclusion in the SIP.

NOTICE IS FURTHER GIVEN that the Coachella Valley, defined as the desert portion of the Riverside County in the Salton Sea Air Basin and under the jurisdiction of the South Coast AQMD, is currently classified as an "extreme" nonattainment area for the 2008 ozone National Ambient Air Quality Standard (NAAQS) with an attainment date of July 20, 2032.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision was developed to meet federal Clean Air Act (CAA) requirements that SIPs must provide for contingency measures, defined in Section 172(c)(9) as "specific measures to be undertaken if the area fails to make reasonable further progress (RFP), or to attain the national primary ambient air quality standard by the attainment date."

NOTICE IS FURTHER GIVEN that a comprehensive SIP addressing the 2008 ozone NAAQS in the Coachella Valley was submitted as part of the 2016 Air Quality Management Plan (AQMP) to U.S. EPA via CARB on April 27, 2017. As was allowed by preceding examples of approved SIPs at the time, the 2016 AQMP contingency measure elements for RFP and attainment in the Coachella Valley relied on surplus emission reductions from already implemented control measures in the milestone and attainment years.

NOTICE IS FURTHER GIVEN that in 2016, in *Bahr v. U.S. EPA*, the Ninth Circuit Court of Appeals rejected the U.S. EPA's longstanding interpretation of Section 172(c)(9). Due to the *Bahr* decision, the contingency measure elements as submitted could no longer be approved by U.S. EPA.

NOTICE IS FURTHER GIVEN that in 2020, U.S. EPA approved the Coachella Valley portion of the 2016 AQMP as meeting all applicable statutory and regulatory requirements for the 2008 8-hour ozone NAAQS except for the attainment contingency measure element, and conditionally approved the RFP contingency measure element based on commitments by CARB and the South Coast AQMD to supplement the element within one year of conditional approval, by October 16, 2021. The due date was later revised to September 30, 2022 based on consent decree.

NOTICE IS FURTHER GIVEN that on August 8, 2022, South Coast AQMD submitted a request to U.S. EPA via CARB to withdraw the contingency measure elements for the 2008 ozone NAAQS in Coachella Valley to avoid potential disapproval of the submitted contingency measure.

NOTICE IS FURTHER GIVEN that effective October 31, 2022, U.S. EPA finalized a finding of failure to submit contingency measure elements for the 2008 ozone NAAQS in Coachella Valley. The finding established an 18-month deadline for the South Coast AQMD to submit contingency measures or face stationary source permitting sanctions as defined in CAA Section 179(b)(2). In addition, if within 24-months U.S. EPA has not approved a contingency measure SIP revision, U.S. EPA must promulgate a federal contingency measure plan in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision contains a commitment to amend Rule 463 to include contingency measure elements, which, if triggered, will increase the frequency of Optical Gas Imaging (OGI) inspections for organic liquid storage tanks. The Coachella Valley Contingency Measure SIP Revision also includes the California Smog Check Contingency Measure SIP Revision adopted by CARB in October 26, 2023.

NOTICE IS FURTHER GIVEN that South Coast AQMD has determined there are no other feasible contingency measures and, in accordance with U.S. EPA's draft guidance, the Coachella Valley Contingency Measure SIP Revision includes a robust evaluation demonstrating the stringency of existing South Coast AQMD rules as they pertain to emission sources in the Coachella Valley.

NOTICE IS FURTHER GIVEN that the Coachella Valley Contingency Measure SIP Revision includes new information on key elements such as:

- Emission inventories (summer planning emissions for the 2031 attainment year);
- A calculation of one year's worth of emission reductions for NOx and VOC;

- South Coast AQMD's commitment to amend Rule 403 to include a stationary source contingency measure;
- South Coast AQMD's stationary source contingency measure infeasibility justification for achieving less than one year's worth of reductions;
- CARB's mobile source contingency measure; and
- CARB's mobile and area source contingency measure infeasibility justifications for achieving less than one year's worth of reductions.

NOTICE IS FURTHER GIVEN that the Draft Coachella Valley Contingency Measure SIP Revision will be released for public comment and review on January 17, 2024. The public comment period will close on February 16, 2024.

NOTICE IS FURTHER GIVEN that two public consultation meetings will be held on January 31, 2024 and February 1, 2024 to discuss the Coachella Valley Contingency Measure SIP Revision and solicit public input.

NOTICE IS FURTHER GIVEN that, pursuant to the California Environmental Quality Act (CEQA) Guidelines Sections 15002(k) and 15061, the Coachella Valley Contingency Measure SIP Revision is exempt from CEQA pursuant to CEQA Guidelines Section 15061(b)(3). A Notice of Exemption will be prepared pursuant to CEQA Guidelines Section 15062, and if the proposed project is approved, the Notice of Exemption will be filed with State Clearinghouse of the Governor's Office of Planning and Research, and with the county clerks of Los Angeles, Orange, Riverside, and San Bernardino counties.

NOTICE IS FURTHER GIVEN that at the conclusion of the public hearing, the South Coast AQMD Board may make other modifications to the Coachella Valley Contingency Measure SIP Revision, which are justified by the evidence presented, or may decline to adopt some or all of the proposed items.

NOTICE IS FURTHER GIVEN that the South Coast AQMD has prepared the Draft Coachella Valley Contingency Measure SIP Revision for consideration by the South Coast AQMD Board.
