# MONITORING AROUND AND NEAR REFINERIES IMPROVES UNDERSTANDING OF AIR QUALITY IN SURROUNDING AREAS

Implementation of South Coast AQMD's Rule 1180 program (refinery fenceline and community monitoring) is underway. Rule 1180 was adopted by the Governing Board in December 2017 and requires all large petroleum refineries in the South Coast Air Basin to install and operate continuous fenceline air monitoring that will provide real-time data for a variety of air pollutants such as benzene, black carbon, hydrofluoric acid and other volatile organic compounds (VOCs) to the public and established a fee for monitoring in communities nearby refineries. Air monitoring can provide valuable information about sources of air pollution, types of pollutants, and air quality impacts in communities in areas surrounding refineries. The main objectives of the Rule 1180 program include:

- Providing real-time information about air pollutant levels at refinery fencelines and in nearby communities;
- Understanding long-term variations and trends of refinery-related emissions;
- Helping communities understand potential air quality impacts of refinery emissions;
- Providing a notification to the community if emissions exceed pre-determined levels; and
- Enabling refineries to quickly address significant changes in emissions.

Once the fenceline monitoring systems are installed at the local refineries, there will be a total of 138 monitors that will use different technologies to monitor for pollutants associated with refinery operations. In addition to the monitors at the refinery fenceline, South Coast AQMD and its contractors will deploy, operate and maintain an additional 12 air monitoring stations within the communities near the refineries. South Coast AQMD continues to work with the local refineries on all other elements of their fenceline monitoring plans including quality assurance, back-up monitoring

and maintenance, data presentation to the public, public notifications and notification levels.

The South Coast AQMD Rule 1180 website will provide real-time preliminary monitoring data collected at the community sites and provide links to each refinery's fenceline monitoring data.

The public is encouraged to sign up for notifications and can find links to data as well as more information on the Rule 1180 monitoring program, by visiting [www.aqmd.gov/rule1180](http://www.aqmd.gov/rule1180).

# YORBA LINDA COUNCILMAN RODRIGUEZ AND ENVIRONMENTAL ATTORNEY KRACOV JOIN GOVERNING BOARD, MAYOR MCCALLON REAPPOINTED

At the February 7 Governing Board meeting, Yorba Linda City Council Member Carlos Rodriguez was sworn in to the South Coast AQMD Governing Board, as the representative for the cities of Orange County.

Rodriguez has over two decades of public and private sector experience. He currently serves as the Chief Executive Officer of the Building Industry Association of Southern California Baldy View Chapter, and serves on the Southern California Association of Governments – Transportation Committee, League of California Cities – Orange County Division, and has been awarded the “Corporate Advocate of the Year”

from the California Hispanic Chamber of Commerce.

At the same meeting, Highland Mayor Larry McCallon was sworn in to his second four-year term as the South Coast AQMD Governing Board member representing the 16 cities of San Bernardino County. He was first elected to the position in February 2016.

Both McCallon and Rodriguez were elected by mayors and council members of the cities within each county they represent on the South Coast AQMD Board.

At the March 6 Governing Board meeting, environmental, civil law and

land use attorney Gideon Kracov was sworn in as the Governor's appointee to the Governing Board.

At his private practice in Los Angeles, Kracov has worked for diverse business, labor and non-profit clients, and as a government lawyer. He also spent over a decade as General Counsel of the California Waste and Recycling Association, served as Deputy Los Angeles City Attorney where he counseled the Departments of Planning and Sanitation and helped negotiate the \$168 million settlement that removed trash from the Los Angeles River, and has served pro bono for various non-profits and community organizations.

# SOUTH COAST AQMD ISSUES VIOLATION FOR JET FUEL RELEASE THAT IMPACTED LOS ANGELES AREA SCHOOLS, PUBLIC

The South Coast AQMD issued a Notice of Violation (NOV) to Delta Airlines following a jet fuel dump on January 14 that impacted students, teachers and other members of the public in Los Angeles County.

The NOV alleges that Delta Airlines caused a public nuisance in violation of the agency's Rule 402 and California Health and Safety Code Section 41700. South Coast AQMD's investigation was prompted by community complaints which resulted in inspectors being dispatched to several locations. Complaints regarding the exposure to the jet fuel were reported at multiple schools within the Los Angeles Unified School District, the Cudahy Public Library, and two schools within the El Rancho Unified School District.

Delta Airlines Flight 89 was headed to Shanghai, China from LAX when an in-flight emergency was declared, causing the plane to return to the airport. As part of its emergency landing, jet fuel in the form of mist was released into the atmosphere impacting multiple areas of Los Angeles.

For more information on NOV's, visit <http://www.aqmd.gov/home/rules-compliance/compliance/compliance-notices/notice-of-violation>.

# SOUTH COAST AQMD STAFF PRESENTS “WHY HEALTHY AIR MATTERS” TO CARSON HIGH STEAM SCHOOL

On February 6, staff from South Coast AQMD had the opportunity to present the “Why Healthy Air Matters” program (WHAM) to students in a senior Environmental Sciences class at Carson High STEAM School. The school’s Environmental Science, Engineering, and Technology program empowers students to participate in real world environmental and sustainability issues, such as air quality, and preparing them for higher education and careers.

WHAM aims to increase awareness of air quality issues within the South Coast Basin and empower youth to drive positive change in their communities through a series of lessons. South Coast AQMD’s staff Ryan Stromar presented on local and regional air quality issues and different careers paths at South Coast AQMD and in the fields of environmental science and air quality.

The students learned about the current challenges and opportunities facing their community and the region in the fight for clean air. As a school located within an Assembly Bill 617 designated community, the class learned about South Coast AQMD’s efforts to address the

disproportionate effects of air pollution in environmental justice communities. The class was invited to attend a future AB 617 Community Steering Committee meeting to see firsthand how community members, local businesses and environmental and health organizations are working to improve the air quality and quality of life in Carson and neighboring communities.

The student’s next WHAM lesson will have them design an air quality study and take real measurements of particulate matter with handheld monitors, then present their results to South Coast AQMD.

South Coast AQMD is implementing the WHAM program in high schools located within environmental justice communities to increase teacher and student awareness on air quality issues in their communities.

For more information, contact Monika Kim, at 909-396-2342 or [mkim@aqmd.gov](mailto:mkim@aqmd.gov).

# AB 617 UPDATE

## AB 617 Update: Kick-off Meetings Held in Southeast Los Angeles and Eastern Coachella Valley

In January 2020 the South Coast AQMD staff held kick-off meetings in the recently designated AB 617 communities of Southeast Los Angeles and Eastern Coachella Valley.

Community Kick-off meetings were held on January 9 in Huntington Park and January 22 in Coachella. South Coast AQMD Governing Board Member, and Riverside County Supervisor V. Manuel Perez gave welcoming remarks at the Coachella meeting.

At the kick-off meetings, staff provided an overview of the AB 617 program, the Community Steering Committee (CSC), Community Emissions Reduction Plans, and Community Air Monitoring Plans. Approximately 80 people attended each of the kick-off meetings.

Community Steering Committees were formed for each community, with 38 members in Southeast Los Angeles and 45 members in Eastern Coachella Valley. The first CSC meetings were held on February 6th in Bell Gardens and on February 20th in Coachella. Staff presented a CSC orientation, information on sources of air pollution, and an overview of local air monitoring efforts. The CSC members participated in active discussions regarding the community boundary and to identify each community’s air quality priorities.

For more information on upcoming meetings or the AB 617 program, please visit: [www.aqmd.gov/ab617](http://www.aqmd.gov/ab617).

## CARL MOYER PROGRAM INFORMATIONAL WORKSHOPS TO BE HELD IN APRIL AND MAY

Since 1998, the Carl Moyer Program (CMP) has provided incentive funding to retrofit, repower or replace diesel engines and equipment with newer and cleaner models. This year, South Coast AQMD will have approximately \$34 million in funding to support projects within our jurisdiction. A series of program workshops will be held in April and May to provide potential applicants

with information on eligibility and funding criteria. Attendance at a program workshop is recommended, but not mandatory. Training for the CMP online application system will be included in these workshops. The application deadline is 1 p.m., Tuesday, June 2, 2020. To apply online please visit <https://carlmoyeronline.aqmd.gov>.

WORKSHOP TOPICS	VENUE	DATE/TIME
On-Road Heavy-Duty Vehicle/ Infrastructure/Marine Vessel/Shore Power /CHE Electrification Workshop	Port of Los Angeles Board Room 425 South Palos Verdes Street San Pedro, CA 90731	Wednesday April 8, 2020 10 a.m. to Noon
Off-Road Agricultural Equipment/ Engines Workshop	Coachella Valley Mosquito & Vector Control District, Board Room 43420 Trader Place Indio, CA 92201	Wednesday April 15, 2020 10 a.m. to 1 p.m.
On-Road Heavy-Duty Vehicle/ Infrastructure/Off-Road Heavy-Duty Equipment Workshop	Resurrection Church, Parish Hall 3324 E. Opal Street Los Angeles, CA 90023	Wednesday April 22, 2020 10 a.m. to 1 p.m.
	Salt Lake Park, The Lounge 3401 E. Florence Avenue Huntington Park, CA 90255	Thursday May 7, 2020 9 a.m. to Noon
	San Bernardino Valley College Building B100 701 South Mount Vernon Avenue San Bernardino, CA 92410 (Free parking in Lot #s 9, 10 and 11)	Tuesday May 12, 2020 5:30 p.m. to 8:30 p.m.
CMP General Workshops	South Coast AQMD Headquarters, Conference Room CC6 21865 Copley Drive Diamond Bar, CA 91765	Wednesday April 29, 2020 9 a.m. to Noon
		Wednesday May 6, 2020 9 a.m. to Noon

## ALL-ELECTRIC TRUCKS DEMONSTRATED AT VOLVO LIGHTS INNOVATION SHOWCASE

South Coast AQMD played a key role in the Volvo Low Impact Green Heavy Transport Solution (LIGHTS) Innovation Showcase on February 11, at the Fontana Auto Club Speedway and TEC Equipment facility.

Fifteen public and private partners, including South Coast AQMD and the California Air Resources Board (CARB), are involved with the

Volvo LIGHTS project to evaluate all-electric freight movement in high-density traffic and urban areas, particularly in EJ or disadvantaged communities.

Event attendees were able to ride and drive the Volvo VNR Electric project trucks and attend breakout sessions on infrastructure and charging, service and support, and community benefits.

South Coast AQMD is administering nearly \$90 million for the Volvo LIGHTS project from a \$44.8 million award from CARB with \$41.7 million coming from Volvo and its 15 partners. South Coast AQMD also contributed \$4 million to the project from the Clean Fuels Fund.

For more information on the Volvo LIGHTS project, please visit: [lightsproject.com](http://lightsproject.com).

# Commercial *Electric*

# Lawn & Garden EQUIPMENT

## Incentive & Exchange Program

## COMMERCIAL LAWN & GARDEN EQUIPMENT PROGRAM INCREASES DISCOUNTS UP TO 75 PERCENT

**D**id you know using a gas-powered lawn mower for just one hour generates as much air pollution as driving a car from Los Angeles to Las Vegas? Luckily, a program is available for commercial gardeners and landscapers, local government agencies, school districts and colleges, and non-profit organizations to reduce air pollution by making the switch to electric, while saving money in the process.

South Coast AQMD's Commercial Lawn & Garden Equipment Incentive & Exchange Program is increasing its discounts up to 75 percent on battery electric commercial grade equipment for operation within the South Coast AQMD's four-county region.

To be considered for discounted pricing, participants must scrap an equivalent working gasoline or diesel-powered piece of equipment. Participating dealers will test the old lawn and garden equipment for operability, and responsibly

drain all fluids, before sending it to a licensed dismantler.

There are six participating manufacturers offering multiple dealer locations throughout the South Coast AQMD's four-county region:

- ECHO
- Husqvarna
- Makita
- Mean Green
- OREGON
- STIHL

South Coast AQMD also has an Electric Lawn Mower Rebate Program offering after-purchase rebates to residents in the region for non-commercial equipment.

For more information on both programs, call 888-425-6247 or visit: [www.aqmd.gov/lawngarden](http://www.aqmd.gov/lawngarden).

## INCREASED NO-BURN DAY ENFORCEMENT AND EDUCATION HELP IMPROVE WINTERTIME AIR QUALITY

**E**very winter from November 1 to the last day in February, on days when air pollution levels of PM2.5 are forecast to be high, South Coast AQMD meteorologists issue a mandatory ban on burning wood or manufactured fire logs in residential fireplaces and outdoor fire pits.

The South Coast AQMD issued 23 No-Burn advisories this winter across the South Coast basin during the four months the annual Check Before You Burn program was in effect. This is an increase from the 2018-2019 season's 13 No-Burn days, but a decrease compared to the 33 No-Burn days in the 2017-2018 season.

Enforcement and educational activity were stepped up this season to further local residents' awareness of, and compliance with the Check Before You Burn program. On each No-Burn day, air quality inspectors were dispatched to investigate complaints received about burning on a No-Burn day. On those days, informational letters explaining the program, and violation notices were issued to residents found or suspected of burning on no-burn days.

Wood smoke is a significant source of PM 2.5. Breathing high levels of PM2.5 over long periods of time can aggravate asthma, and trigger other respiratory or cardiovascular conditions, and increases risk of heart attack and stroke, and potential low birth weights in newborns.

Residents can sign up for email or text notifications of No-Burn days at [www.AirAlerts.org](http://www.AirAlerts.org)

## RECENT SOUTH COAST AQMD EXECUTIVE STAFF PROMOTIONS

**A**mir Dejbakhsh was named Deputy Executive Officer (DEO) of Engineering and Permitting on November 18, 2019. He has over 35 years of air quality experience with the South Coast AQMD and has extensive knowledge of Title V, RECLAIM, BACT/LAER, and New Source Review. Most recently, he served as Assistant Deputy Executive Officer of Engineering and Permitting and Senior Engineering Manager in charge of the Coatings/Plating/Military/Entertainment Industry team.

Jason Aspell was promoted to the position of Assistant Deputy Executive Officer of South Coast AQMD's Office of Engineering and Permitting on January 6. He will be assisting DEO Amir Dejbakhsh to ensure the successful operation of the agency's permitting program. Prior to this position, Jason was the Senior Enforcement Manager of the Toxics and Waste Management Division overseeing a compliance team responsible for the asbestos program, lead, hexavalent chromium, and other toxic emission sources, and landfills and wastewater treatment facilities.

Faye Thomas was appointed to the position of South Coast AQMD's Clerk of the Boards effective December 30, 2019. As Clerk of the 13 member Governing Board and five-member Hearing Board, Faye is responsible for scheduling all regular and special meetings and hearings, preparation of minutes and agendas, and the posting of meeting and hearing notices. She is the official custodian of records for the Governing Board and Hearing Board and provides administrative and clerical support to both boards. She has over 29 years of service in various administrative roles throughout the agency. Faye has a bachelor's degree from the University of La Verne.

# CELEBRATE EARTH DAY'S 50TH ANNIVERSARY WITH SOUTH COAST AQMD

April 22, 2020 is the 50th anniversary of Earth Day, a global event to demonstrate support for environmental protection. Although the first official celebration occurred in 1970, the Earth Day movement dates to the early 1960s.

Following the revelations in Rachel Carson's environmental science book "Silent Spring" in 1962, U.S. Senator Gaylord Nelson wanted the federal government to recognize the planet was at risk and take a more active role in cleaning up the environment. After being inspired by the countercultural demonstrations of the 1960s, Senator Nelson developed the idea for Earth Day, envisioning massive grassroots environmental demonstrations across the nation.

When Senator Nelson announced his idea for Earth Day, the response was ecstatic, as 20 million demonstrators, across thousands of colleges, universities and local communities, participated in Earth Day activities. One of the founding events of Earth Day was an environmental teach-in first held on April 22, 1970.

By 1990, Earth Day celebrations had gone global with over 140 countries participating. In recognition of the 50th anniversary, the public is invited to join South Coast AQMD staff and participate in the following Earth Day events:

For updates on Earth Day events, please visit South Coast AQMD's Twitter page at: [twitter.com/SouthCoastAQMD](https://twitter.com/SouthCoastAQMD).

## UPCOMING EARTH DAY EVENTS

- 4/4 : CVWD Earth Day, Rancho Cucamonga

# HOW TO FILE AN AIR QUALITY COMPLAINT

By Phone

Online

Call 1-800-CUT-SMOG

Answer questions from live operator and be ready to provide:

- Date & time
- Location (city, cross streets)
- Type of emissions (smoke, dust, etc.)
- Odor (rotten eggs, burned plastic, garlic or other familiar material)
- Suspected source

Visit [www.AQMD.gov](http://www.AQMD.gov) and select **Complaints** under the **Air Quality** tab

Select the **Complaint System** link in the description, fill out the required fields and select **Submit**

During non-business hours, please leave a voicemail and include the above information. Complaints received during business hours are dispatched to an inspector for investigation. The inspector will contact the complainant to obtain any additional information and may meet with the complainant in person to determine the presence of the emission. Following an investigation of the alleged source of the complaint, the inspector may attempt to verify emission and take enforcement action if necessary. The inspector will contact the complainant after the investigation is completed to discuss their findings.

# NOMINATIONS OPEN FOR THE 32ND ANNUAL CLEAN AIR AWARDS

For over three decades, the South Coast AQMD has honored those who have made outstanding clean air contributions to improve the health of our communities and the economy. Our air is cleaner today, and our families are healthier because of their efforts.

Nominations for the 32nd Annual Clean Air Awards will open in mid-April. Don't miss out on this opportunity to join the honor roll of Clean Air Award recipients at this special event. Nominations are being accepted online in the following categories:

- Business Leadership in Air Quality
- Clean Air Education and Outreach
- Innovative Clean Air Technology
- Model Community Achievement
- Youth Leadership in Air Quality

The deadline for submitting nominations is 11:59 p.m. on June 30, 2020. For more information, please visit [www.CleanAirAwards.com](http://www.CleanAirAwards.com), email [CleanAirAwards@aqmd.gov](mailto:CleanAirAwards@aqmd.gov) or call 909-396-2432.

# SOUTH COAST AQMD HOSTS MARTIN LUTHER KING, JR. DAY OF SERVICE FORUM

On January 18, the South Coast AQMD hosted its 7th Annual Martin Luther King, Jr., Day of Service Luncheon “Continuing the Legacy Through Clean Air for All” at the California Science Center in downtown Los Angeles.

The luncheon featured prominent guests and inspirational speakers on the environment and air quality and highlighted South Coast AQMD’s many environmental justice initiatives including “Why Healthy Air Matters,” a youth educational program. More than 350 participants from a wide variety of basin residents, elected officials, and four South Coast AQMD Governing Board members attended the event.

This year’s featured speaker was Victor Pacheco, Civic Engagements Specialist at Community Coalition. Also featured was the recipient of the Environmental Justice for All award, Gloria Walton, President and Chief Executive Officer of Strategic Concepts in Organizing and Policy Education (SCOPE).

For more information, email [CleanAirConnections@aqmd.gov](mailto:CleanAirConnections@aqmd.gov).

# SOUTH COAST AQMD TECHNOLOGY DEMONSTRATION FORUM

On January 10, the South Coast AQMD showcased prototype and commercial trucks that have been funded, developed and demonstrated through a variety of the agency’s Technology Advancement Office projects, with total project costs shared with local, state and federal agencies.

The following projects were showcased:

- Class 8 Battery Electric Drayage Trucks (BYD & Peterbilt);
- Class 8 Fuel Cell Trucks (Kenworth);
- Class 6 and Class 8 Battery Electric (LIGHTS) Electric Trucks (Volvo);
- Orange County Transportation Authority fuel cell transit buses (New Flyer);
- Class 6 eM2 and Class 8 eCascadia battery electric trucks (Daimler);
- Battery electric airport shuttles (Phoenix Motorcars);
- Class 8 fuel cell drayage trucks (Transpower and US Hybrid); and
- UPS fuel cell delivery vans.

In addition, commercially available products eligible for incentive funds including Near-Zero Class 8 trucks with Cummins Westport 12-liter ISX12N CNG powered engines (Freightliner Cascadia and Volvo VNR) were on display.

The event was held in the front parking lot at the agency’s Diamond Bar headquarters.

# RULE UPDATE

The following proposed amended rules and regulations are tentatively scheduled for hearings at upcoming Governing Board meetings. To verify whether scheduling changes have occurred, visit South Coast AQMD's website at [aqmd.gov/home/news-events/meeting-agendas-minutes](http://aqmd.gov/home/news-events/meeting-agendas-minutes) and check the Rule and Control Measure Forecast item on the most recent Governing Board meeting agenda, or call the Clerk of the Board's Office at (909) 396-2500.

Copies of South Coast AQMD rules and regulations can be downloaded from the website at [aqmd.gov/home/rules-compliance/rules/scaqmd-rule-book](http://aqmd.gov/home/rules-compliance/rules/scaqmd-rule-book) or obtained from the Public Information Center at (909) 396-2039.

## May

### Rule 212 Standards for Approving Permits and Issuing Public Notice

Staff will be providing notice that Rule 212 will be submitted to U.S. EPA for SIP approval, with no proposed amendments.

Contact: Michael Morris, [mmorris@aqmd.gov](mailto:mmorris@aqmd.gov), (909) 396-3282.

### Reg III: Fees

Proposed amendments to Regulation III will incorporate the Consumer Price Index adjustment to reflect inflation pursuant to Rule 320. Other proposed amendments may be needed to update and add fees associated with existing programs and implementation of new or revised programs.

Contact: Ian MacMillan, [imacmillan@aqmd.gov](mailto:imacmillan@aqmd.gov), (909) 396-3244.

### Rule 445 Wood Burning Devices (PM 2.5 Contingency)

Proposed Amended Rule 445 will include contingency provisions in the event the region fails to attain the PM2.5 federal ambient air quality standards or to meet reasonable further progress requirements.

Contact: Tracy Goss, [TGoss@aqmd.gov](mailto:TGoss@aqmd.gov) (909) 396-3106.

## June

### Rule 1117: Emissions of Oxides of Nitrogen from Glass Melting Furnaces

Proposed Amended Rule 1117 will establish NOx emission limits to reflect Best Available Retrofit Control Technology for glass melting furnaces and will apply to RECLAIM and non-RECLAIM facilities.

Contact: Michael Morris, [mmorris@aqmd.gov](mailto:mmorris@aqmd.gov), (909) 396-3282.

## August

### Rule 442.1: Usage of Solvent

### Rule 1107: Coating of Metal Parts and Products

### Rule 1124: Aerospace Assembly and Component Manufacturing Operations

### Rule 1136: Wood Products Coatings

### Rule 1145: Plastic, Rubber, Leather, and Glass Coatings

### Rule 1171: Solvent Cleaning Operations

Proposed Rule 442.1 will prohibit the sale, distribution, and application of materials that do not meet the VOC limits specified in Regulation XI rules. Proposed amendments may also be needed to prohibit circumvention of VOC limits in Rules 1107, 1124, 1136, 1145, and 1171.

Contact: TBD owned treatment works; and include implementation schedules and monitoring, recordkeeping, and reporting requirements.  
Contact: Michael Morris, [mmorris@aqmd.gov](mailto:mmorris@aqmd.gov), (909) 396-3282.

# Briefly... Rule Compliance Promotion Classes for 2020

### Rule 403 – Dust Control in the South Coast Air Basin Training

• Every third Wednesday of the month, January through November.

This class is held at South Coast AQMD's Diamond Bar Headquarters from 8:30 a.m. to 11:30 a.m. There is no fee. Pre-registration is required, and walk-in registrations are not allowed. No classes are held in December.

Visit <http://www.aqmd.gov/home/programs/business/training-403-403-1-fugitive-dust> for class and registration information. To register, e-mail [dustcontrol@aqmd.gov](mailto:dustcontrol@aqmd.gov) or fax request to 909-396-2608.

### Rule 403 & 403.1 – Dust Control in the Coachella Valley Training

• Every third Thursday of the month, January through November

This course is held from 1:00 p.m. to 4:30 p.m. at the Coachella Valley Association of Governments, Room 115, 73-710 Fred Waring Dr., Palm Desert, CA, 92260. There is no fee. Pre-registration is required, and walk-in registrations are not allowed.

Visit <http://www.aqmd.gov/home/programs/business/training-403-403-1-fugitive-dust> (scroll to "Dust Control in the Coachella Valley") for class and registration information. To register, email [dustcontrol@aqmd.gov](mailto:dustcontrol@aqmd.gov) or fax request to 909-396-2608.

### Rule 461 – Gasoline Transfer and Dispensing Training

Daily Maintenance Inspection – Registration Fees: \$168.06

- March 13, 2020
- June 12, 2020

Periodic Compliance Inspection – Registration Fees: \$183.93

- March 20, 2020
- June 19, 2020

Vapor Recovery System Tester Orientation – Registration Fees: \$174.87

- March 27, 2020
- June 26, 2020

Classes are held at South Coast AQMD headquarters in Room CC6 from 8:30 a.m. to 5:00 p.m. Check-in time is 8:00 a.m. to 8:30 a.m. Pre-registration is required, and walk-in registrations are not allowed.

Visit <https://www.aqmd.gov/home/rules-compliance/compliance/gasoline-dispensing2/rule-461-classes> for class and registration information. Contact Rule 461 Assistance at (909) 396-3546. or email [Rule461assistance@aqmd.gov](mailto:Rule461assistance@aqmd.gov) for additional information.

### Rule 463 & Rule 1178 – Certified Person Compliance Assistance Training

• July 16, 2020

This class is held at South Coast AQMD's Diamond Bar Headquarters in Room CC6 from 8:00 a.m. to 5:30 p.m. The registration fee is \$85 per person and is payable prior to the start of class at the cashier located in the lobby. Proof of payment and California Driver's License/ID Card are required to attend classes. Pre-registration is preferred; however, walk-in registrations are welcome provided that the 80-person capacity of the venue is not exceeded.

Visit <http://www.aqmd.gov/home/programs/business/training-463-1178-certified-person> for class and registration information. Valerie Al Rwaiss at (909) 396-2406 or [vzurita@aqmd.gov](mailto:vzurita@aqmd.gov) for more information.

### Rule 1403 – Asbestos Demolition and Renovation Compliance Training

- March 18, 2020
- April 15, 2020
- June 24, 2020
- August 19, 2020
- October 14, 2020
- December 16, 2020

Classes are held at South Coast AQMD's Diamond Bar Headquarters in Room CC6 from 8:00 a.m. to 1:00 p.m. Registration fee is \$91.47 per person. Pre-registration is required, and walk-in registrations are not allowed.

Visit <http://www.aqmd.gov/home/programs/business/training-1403-asbestos-demolition> or contact Jamie Higley Sellers via email at [jsellers@aqmd.gov](mailto:jsellers@aqmd.gov) or call (909) 396-2338 for more information and to register.

### Rule 1469 – Hexavalent Chromium Training Certification

- March 25, 2020
- April 22, 2020
- May 20, 2020
- June 23, 2020

Classes are held at South Coast AQMD's Diamond Bar Headquarters in Room CC6 from 8:00 a.m. to 1:00 p.m. Registration fee is \$36.31 per person. Pre-registration is required, and walk-in registrations are not allowed.

Visit <http://www.aqmd.gov/home/programs/business/training-1469-hexavalent-chromium> or contact Jamie Higley Sellers via email at [jsellers@aqmd.gov](mailto:jsellers@aqmd.gov) or call (909) 396-2338 for more information and to register.

### Rule 1110.2, Rule 1146 and Rule 1146.1 – Combustion Gas Portable Analyzer Certification Training

• No Classes Scheduled

Classes are held at South Coast AQMD's Diamond Bar Headquarters in the Auditorium. Sign in starts at 8:00 a.m., and the half day classes start at 8:30 a.m. The training is provided at no cost. Pre-registration is required and walk in registrations are now allowed.

Visit <http://www.aqmd.gov/home/programs/business/training-gas-portable-analyzer> or contact Nancy Leone at via email at [nleone@aqmd.gov](mailto:nleone@aqmd.gov) or call (909) 396-2392 for more information and to register.

### Rule 1176 Sumps & Wastewater Separator Inspector Certification Training

• July 15, 2020

Classes are held at South Coast AQMD's Diamond Bar Headquarters in Room CC6 from 8:00 a.m. to 12:00 p.m. each day. Registration fee is \$65.69 per person. Submit payment to our Cashier in the lobby upon arrival. Pre-registration is preferred prior to attending this training. However, walk-in registration is welcome provided that the 80-person capacity of the venue is not exceeded.

Visit: <http://www.aqmd.gov/home/programs/business/training-1176-sumps-wastewater-separator> for class and registration information. Contact Paul Caballero via email at [pcaballero@aqmd.gov](mailto:pcaballero@aqmd.gov) or call (909) 396-7002 for more information and to register.

### Rule 2202 - Employee Transportation Coordinator (ETC) Training
