RULE 307. FEES FOR AIR TOXICS EMISSIONS INVENTORY

- (a) Pursuant to the Connelly Air Toxics "Hot Spots" Information and Assessment Act (Sections 44300 to 44394 of the California Health and Safety Code, hereinafter referred to as "the Act"), owners and/or operators of facilities subject to the Act shall be assessed a fee for an Air Toxics Emissions Inventory Plan.
- (b) The fee schedule shall be set by the Air Resources Board except that the Executive Officer may rebate a portion of the fees to active fee payers for the current billing year by a percentage based upon the availability of surplus in the special Air Toxics Fund which is reserved only for the implementation of the Act, pursuant to Section 44380 of the California Health and Safety Code. The Executive Officer shall inform the Air Resources Board in writing of this fee rebate prior to billing.
- (c) The District shall send notification of fees due, payable within sixty (60) days. The District shall deduct administrative and implementation costs, and transmit the remainder of the fee to the State Controller.
- (d) If all fees due have not been received within sixty (60) days after the notice to pay such fees was received, the Executive Officer may assess a surcharge of not more than 100 percent of the assessed fee, and may take action to revoke all operating permits in accordance with Health and Safety Code Section 42307.
- (e) A Permit to Operate which is revoked for nonpayment of fees pursuant to subsection (d), above, may be reinstated by the permit holder upon payment of such overdue fees and accrued surcharges.
- (f) For the purpose of assessing fees for FY 98-99, and thereafter, the provisions of this rule shall be superseded by the provisions of Rule 307.1 - Alternative Fees For Air Toxics Emissions Inventory.
