Product Overview & Pricing Schedule

Hydra EVSE Control Systems by LIBERTY ACCESS TECHNOLOGIES (LAT)

Hydra R-5 & Hydra R-10 Controller Units (HCU)

Hydra EVSE control systems provide commercial & workplace EV charging site operators with:

- Flexible access control for groupings of multiple EVSEs intended for private and or shared (i.e. public) usage environments
- Comprehensive collection, recording, and reporting of EV charge event data
- Convenient charging access for authorized users via single-point interface keypad)
- Optional “Pay-By-Cell” mobile payment service for non-member (“unknown”) EV drivers
- Freedom to acquire modestly priced EVSE units available from several suppliers, which meet actual needs, do not incorporate proprietary / closed access architectures, and or demand acceptance of defacto billing systems having expensive fee structures.

Pricing

MSRP

Hydra R-5 Controller Unit – Controls up to 5 EVSE Units

\$4,325.00

- Incorporates electronics, reporting software, cell modem, and full “plug & play” circuitry required for controlling up to a maximum of Five (5) individual EVSEs not originally equipped with data recording and reporting ability.

Hydra R-10 Controller Unit - Controls up to 10 EVSE Units

\$5,175.00

- Incorporates electronics, reporting software, cell modem, and full “plug & play” circuitry required for controlling up to a maximum of Ten (10) individual EVSEs not originally equipped with data recording and reporting ability

Data Recording Meter & Power Control Relay Module

\$ 470.00

- Hydra R-5 & R-10 controlled systems require one (1) Data Recording Meter & Power Control Relay Module for each EVSE unit controlled by the HCU.
- LAT utilizes only superior quality / U.S. made “Revenue Grade” Meters (certified within .01 accuracy) exclusively, in the manufacture of Hydra R EVSE Controlled systems.

Pricing (continued)

MSRP

Back-lit Keypad Unit

\$ 325.00

- User interface Keypad can be either integrated into front cover of the Hydra Controller Unit, or installed remotely where desired to optimize user access convenience to EVSE parking spaces
- Where beneficial to site owner and authorized EV driver / users, a 2nd Hydra Keypad interface can be installed to further enhance EVSE access.

Combination Keypad and HID Card Reader (Optional)

\$ Call

- Proximity technology card readers, such as “iCLASS” & “HID Prox”, offer highest level of flexibility, cost effectiveness, and ease of use for security of building facilities as well as EVSE access controlled environments.

Recurring Hydra-R Operational Fees (monthly):

- Hydra-R5 or Hydra-R10 Controller (HCU) Operation (ea. HCU / per Mo.) \$22.00
- Energy Usage Data Recording and Reporting (ea. EVSE) \$ 6.00

System Pricing Examples

Example A: Hydra R-5 System equipped with Five (5) “Level 1” or “Level 2” EVSEs:

- | | |
|---|-------------------|
| • One (1) Hydra R-5” Controller Unit (HCU) | \$4,325.00 |
| • Five (5) Data Recording Meter & Power Control Relay Modules | \$2,350.00 |
| • One (1) std. Keypad Unit | \$ 325.00 |

Total Hydra- R5 Hardware Cost Investment:	\$7,000.00
--	-------------------

Total Hydra R-5 System Operating Fees (per month):	\$ 52.00
---	-----------------

Note: Above pricing does not include installation or EVSE units

Pricing (continued)

MSRP

Example B: Hydra R-10 System equipped with Ten (10) “Level 1” or “Level 2” EVSEs:

• One (1) Hydra R-10” Controller Unit (HCU)	\$5,175.00
• Ten (10) Data Recording Meter & Power Control Relay Modules	\$4,700.00
• One (1) Keypad (optional Proximity Card Reader is extra)	\$ 325.00
Total Hydra R-10 Hardware Cost Investment:	\$10,200.00
Total Hydra R-10 Operating Fees (per month):	\$ 82.00

Note: Above price does not include Installation or EVSE units

Terms:

- Client Quotes remain applicable for 30 days from issue date
- Signed Purchase Orders required in advance for Open Account orders
- Confirmed orders subject to 60 days advance notice of required delivery date
- Payment requirements: Net 30 days. 2% discount applicable for full payment receipt within 10 business days of Invoice date
- Product pricing & specifications subject to change without advance notice
- Installation and service / maintenance agreements available upon request
- Pricing and Product specifications subject to change without advance notice
